

PIT ELIMINATOR

High-Capacity Unloading Without a Traditional Receiving Pit

The Scott Pit Eliminator Conveyor is ideal for facilities looking to unload grain quickly and efficiently at ground level.

UP TO
18,000
CU. FT./HR

High-capacity
conveying

Low-Profile Design

A flat bottom
conveyor provides
greater capacity in
less overall height.

Serviceable Design

Standard
replacement parts
available

MORE CLEARANCE. BETTER MATERIAL FLOW.

Our optional Double Sprocket tail raises the chain to return shroud, increasing sidewall clearance and helping reduce bridging with materials that are not free-flowing

PIT ELIMINATOR FEATURES

- ✓ Ground-level receiving design
