

RELIABLE MATERIAL HANDLING FOR
A MORE EFFICIENT OPERATION

SURGE HOPPER

IMPROVE MIXER EFFICIENCY AND SPEED UP
DISCHARGE TIMES

Scott Equipment surge hoppers provide reliable surge capacity, promote consistent material flow, and improve overall mixing system efficiency.

CUSTOM SOLUTIONS.
PROVEN PERFORMANCE.

FASTER CYCLE TIMES

Increases production with batch cycle times as low as 90 seconds.

EASY CLEANOUT

Designed for fast, efficient cleanout between mixing batches.

FLEXIBLE DESIGN

Surge conveyor can be designed using the curved section for inclines up to 45°.

CUSTOM CONFIGURATIONS

Available with UHMW liners, a drop-bottom gate, and either a paddle drag or screw conveyor for discharge.

MATCHES YOUR PROCESS

Surge hopper capacity will hold the complete batch in the mixer with custom conveyor extension for each application.
